

Environmental Awareness Certificate

**New: One-Day Course
On-site delivery!**

The 1-Day Kundiza-Heritage Environmental Awareness Certificate course is now available to you on your own premises

If you are unable to have your own on-site environmental trainer, we can help you. Kundiza will send an environmental trainer to your property to train your staff on the topics below. This offer is open to all Heritage clients from January 2011, so book early to secure a training date.

 **Module 1: Environmental Awareness**

 **Module 2: Energy Action**

 **Module 3: Be Water Wise**

 **Module 4: War on Waste**

 **Module 5: Greener Living**

 **Module 6: Responsible Tourism**

Each delegate attending the course will receive a workbook and a Certificate of Attendance

Costs

Per delegate

(minimum number of delegates is 10, maximum is 20)

Any transport or accommodation costs for the trainer must be borne by the client

R750 ex VAT

Target Audience

The course is designed to be interesting, fun and interactive and to appeal to all levels of delegates. While the course focus is mostly on operational staff, managers and supervisors will also benefit from attending it.

Benefits

- Raises awareness of environmental issues throughout the organisation
- Equips staff to assess the impact of their daily tasks on the environment
- Teaches practical methods to enable staff to reduce the impact that their daily tasks have on the environment
- Further enhances and supports existing green programmes in the organisation, e.g. Green Teams, etc.
- Contributes toward formal recognition as an environmentally responsible business

Book now for your course in 2011!

This Environmental training programme earns additional Heritage points during environmental audits.
